WHO ATTENDS?

The Infection Prevention & Control Conference is relevant for anyone influencing or involved in infection control within their organisation. But we have pulled out a few job titles/descriptions that would particularly benefit from attending.

- Director Infection Prevention and Control
- Assistant Director Infection Prevention and Control
- Clinical Nurse Specialist Infection Prevention and Control
- Lead Nurse Infection Prevention and Control
- Link Nurse Infection Prevention and Control
- Matron / Ward Manager / Sister
- Nurse Consultant
- Doctor
- Microbiologist
- Risk/Quality & Governance Management
- Medical / Nursing Director

HERE'S WHAT PREVIOUS IPC ATTENDEES HAVE HAD TO SAY...

Really good sessions, both theatres had so much good content and detail. Looking forward to coming back next year."

Marsha Geyrozaga, *Sister & IPC Lead,*
London Bridge Hospital

Keeps getting better, the seminars were very insightful. With both theatres with so much great content it was hard to choose which talks to attend. I have lots to go back with and share with my team."

Christine Van Wyk, *IPC Lead,*
BMI Goring Hall

Lots of relevant information from both the talks and the exhibitors. Have gained so much knowledge from attending."

Jenny Lockerbie, *Infection Control Lead Nurse,*
CHUFT

Information was correct at time of press. CloserStill reserve the right to amend content without prior warning. The conference has been brought to you by CloserStill Medical in association with our partners and sponsors. The views and opinions of the speakers are not necessarily those of CloserStill Medical or of our partners and sponsors. Sponsors have not had any input into the programme except where an individual session states it's sponsored. The session topic and speaker have been developed by each sponsoring company. Our audience is made up of medical professionals, Doctors, Nurses, CCG leads, Clinical support staff, NHS managers, Allied Health Professions (AHPs). AHPs are a diverse group of practitioners who deliver high quality care to patients by carrying out assessment, diagnosis, treatment and discharge, across a range of settings in the NHS, Local Authorities, independent and voluntary sectors, breaking down organisational boundaries and are also represented in Health+Care attendees.
